divorce was filed in district court
yesterday by Louise E. Boone against
William F. Boone on the ground of
failure to support. The parties were
married in Union City, Tenn., almost
thirty years ago. The papers were
filed by the plaintiff in person.

HAS TAME FOX—Somebody
brought a young fox to the fire de-
partment house yesterday and the
minute Lester O'Leary spotted it he
decided to have the brush—with the
fox attached. He finally succeeded
in making the purchase, and another
pet has been added to the collection
at the head of which stands the
cub of the fire boys.

GOES EAST TO BUY—Mrs. Kate
Kirkland, buyer for the millinery de-
partment of the New York store, left
last evening for New York and other

ager Charles Korrick of the New
York store, while in New York, and
together they may be depended upon
to secure the season's latest offerings
in millinery. Mrs. Kirkland will be
gone several weeks.

STORE IS BURGLARIZED—The
Midway confectionery store at Five
Points, conducted by Walter George,
was entered sometime early yesterday
morning by burglars, evidently boys,
who took away a large quantity of ice
cream, tobacco, candy, grapes, water-
melons and two cases of pop. George
reported the affair to the police, but
he had been obtained last night
as to the probable identity of the mar-
auders.

FIRST PRESBYTERIAN CHURCH—
Services tomorrow, August 28th, will
be as follows: Sunday school, 9:45
a. m.; Y. P. S. C. E. prayer meet-
ing, 7 p. m. Morning and evening

ings at the Baptist church, corner of
Third avenue and Monroe street, at
11 and 8, respectively. All are in-
vited to these meetings. Presbyterian
church at the corner of Adams street
and Third avenue.

FOREST FIRE SMOKE—For the
next ten days or so there will be less
sunshine in this sun-kissed land than
usual at this time of the year. Yes-
terday morning the drifting smoke
from the northwestern forest fire
made its appearance and grew denser
with the day. Late in the afternoon
it was so pungent as to be unpleas-
ant and the mountains nearest the
city were obscured by it. It may be
expected to increase in density for
the next day or two.

OFF FOR THE COAST—Leon Ja-
cobs, assistant clerk of the board of
superior judges, left last night for the
coast, where he will spend a month.
He will put in the greater part of
his time with his sister, Mrs. Alex
Mandelstam, at Ocean Park, and will
devote himself to breaking the fish-
ing record in the adjacent waters.
The departure of Mr. Jacobs was
made possible by the return of Clerk
W. E. Thomas, who had been spend-
ing a few days at Iron Springs.

IT WAS NOT MR. BULLARD—The
friends of District Attorney Bullard
insisted yesterday that he was the
"politician" mentioned in the story
yesterday morning of an automobile
accident on North Center street, when
two machines were racing at fifty
miles an hour. The Republican hap-
pens to know that Mr. Bullard was
not concerned in the accident. Be-
side, though he is an enthusiastic au-
tomobilist, he is not a speeder, and
he has done more than any other
man to impress upon automobile own-
ers and drivers the necessity of an
observance of the laws regulating
speed.

NOT THE RIGHT WHEEL—Ed-
ward Morrell borrowed a wheel from
a friend yesterday morning and rode
down to m. Later he mounted it and
rode back from his starting place.
When he offered his friend the bi-
cycle he had ridden back there was
the dickens to pay. The friend vowed
that it wasn't his wheel and Morrell
was equally positive that it was the
wheel he had taken. The bicycle
was finally left at the police station,
while search is being made for the
missing wheel. The wheel at the po-
lice station is a Pierce, with a red
frame, silver forks and spring sad-
dle. The owner can get same by
proving property.

OVERCOME BY HEAT—A Mexican
was brought in from Burris' ranch,
twelve miles west of the city, last night
in a bad way with heat. Mr. Burris
arrived with him a little before mid-
night. The Mexican had been em-
ployed building fence and when he did
not return to the house at night Mr.
Burris went to look him up. He found
him unconscious. Yesterday was said
by Observer Jesunofsky to be the
worst day of the season. The ther-
mometer did not make quite so high
a showing as it has done on other days
but the combination of heat and humi-
dity made it the least bearable of all
days for this season and one of the
worst of which there is any local rec-
ord.

HAS BLACK EYE—Motorcycle Pol-
ice man Thompson has a badly bruised
eye. He might have received it in
conflict with an unruly violator of the
speed laws or he might have been
bucked from his gasoline bronco. There
are many things which might have
happened which didn't, to give him the
"doughed gim." Not because it's any
particular bit of news, but just so that
his many friends may be able to cease
inquiring it can be stated that "Mis-
souri" was engaged in a friendly box-
ing bout Thursday afternoon. In some
manner his foot slipped and as he
lunged forward his eye came in for-
cible contact with the elbow of his
friendly antagonist. And that's all
there is about it, except that Thompson
used up about all the juicy beef-steaks
in town yesterday in endeavoring to
dispel the discoloration. Boxing is bad
for the eyes anyway you go at it.

GONE TO LOS ANGELES—C. A.
Gronmetz, who has been connected
with construction work on the Ariz-
ona & California railroad, left last
evening on "The Phoenix" for Los
Angeles.

EVIDENTLY DEMENTED—Frank
Oliver was yesterday turned over to
the county by the police and he will be
examined as to his sanity. Oliver ap-
peared at the police station and told
all manner of things about himself,
stating that he was a stenographer and
an expert at moving laws. He had
worked at the Texas state capitol and
on a ranch in Arizona. He claimed he
came here from Globe.

A GAME INFESTED REGION—Ob-
server Jesunofsky of the weather
bureau yesterday made application to
chief of Police Moore for a permit
to hunt within the city limits. He had
with him a list of the game he ex-
pected to bag. It included two skunks,
innumerable rabbits, two coyotes, a
covey or two of quail, meadow larks
and pigeons without number, one wild
cat and one civet. Mr. Jesunofsky is
not intending to engage in the hunt
for the sport of it but in defense of
his growing crops and chickens.

MRS. PASCOE VERY ILL—Dr.
Win Wylie who is attending Mrs. E.
E. Pascoe who was seriously in-
jured in the automobile accident on
North Central avenue Thursday eve-
ning, stated last evening that the pa-
tient was a very sick woman. He
does not apprehend a serious out-
come although her condition is still
critical.

"PHOENIX" PASSENGERS—
Among the passengers leaving this
city last evening on "The Phoenix,"
of the Santa Fe were Mr. and Mrs.
H. C. Mallory, O. R. Feist, Miss Ger-
trude Harvey, E. H. Bauer, for Los
Angeles; Leon S. Jacobs, J. M. Brown
for San Diego, and W. J. Murphy
for Santa Barbara.

IS GIVEN SIXTY DAYS—Ray
Robles was before Justice Johnston
in police court yesterday afternoon,
charged with vagrancy. There was
evidence to show that he was able-
bodied and could work if he wanted
to, and he was given practically the
limit of the law. A number of drunks
also faced Justice Johnston and
were given the usual sentence of
five dollars or five days in each in-
stance.

TEMPE REPUBLICANS—The Re-
publican club of Tempe was reor-
ganized last night and is ready for
the business of the campaign. Be-
side the election of officers, a com-
mittee of arrangements was appoint-
ed to take charge of the republican
rally tonight. It is the opinion of
the members of the club that Tempe
will cast a larger majority for the
republican ticket at the coming elec-
tion than was ever rolled up in that
precinct.

BACK FROM THE MOUNTAINS—
W. N. Price, Sterling Price and P.
F. Reiber returned yesterday from a
four weeks sojourn in the White
mountains where they went on a
fishing and hunting expedition.
Sterling Price said the trout were so
plentiful so there that it was neces-
sary to stand behind a tree when
attaching bait to a hook, else the
fish would come up and steal it be-
fore the proper time. Doves and
pigeons were plentiful, as were bear
tracks. They claim to have seen
several bruins but were unable to
get within range. Reiber said the
hunting was good, he never saw bet-
ter. One could hunt and hunt and
still hunt, but the game wouldn't
walk into camp at all. All three are
brown as berries.
